K Bâwli

Secretary,

Lungleh Association

(District Order No 2 of 1939-40)

The British Empire has been forced into a deadly struggle in the cause of humanity, freedom and justice against brutal German aggression. It is our duty at such a time to stand solidly behind our beloved King Emperor and the Empire of which we form an integral part

The Lushai nation clearly demonstrated its loyalty and courage during the last Great War of 1914—18 and I am confident that it will do so again if, and when, called upon. It is also our duty to have unshaken confidence in our Empire to emerge victorious from the impending conflict which has been forced on it, and, to achieve this end, to discourage in every way the dissemination of false and alarmist rumours by any one, particularly irresponsible or unscrupulous persons wishing to exploit the situation to their personal advantage. In order to combat this, a general warning is hereby issued that the spreading of maliciously false and alarmist rumours will be severely dealt with, and the public is urged to bring to the immediate notice of the authorities the case of any person guilty of such conduct.

At the same time all shopkeepers are warned that profiteering, or an attempt at profiteering, in any form will not be permitted and that any cases of this nature coming to the notice of the authorities will meet with prompt and appropriate action which, in extreme cases, may be expulsion from the District.

COMMUNIQUE

Numerous expressions of loyalty and offers of
help daily reach the Governor of Assam from all dis-
tricts of the Province and all sections of community.
His Excellency deeply appreciates these proofs of the
determination of the people of Assam to bear their

share in the fight for freedom and democracy, and he fully sympathises with the desire of volunteers for immediate employment. Time, however, is needed before it will be possible to assess the manifold needs which the resources of the Empire will be called upon to fulfil, and His Excellency hopes that all who have offered their services will wait in patience till we know more clearly what form Assam's contribution should take.

J P Mills,

Secretary to the Governor of Assam.

MESSAGE TO INDIA FROM HIS MAJESTY THE KING EMPEROR

In these days, when the whole of civilisation is threatened, the widespread attachment of India to the cause in which we have taken up arms has been a source of deep satisfaction to me. I also value most highly the many and generous offer of assistance made to me by the Princess and people of India. I am confident that in the struggle upon which I and my peoples have now entered, we can count on sympathy and support from every quarter of the Indian continent in face of the common danger. Britain is fighting for no selfish ends, but for the maintenance of a principle vital to the future of mankind—the principle that relations between civilised states must be regulated, not by force, but by reason and law, so that men may live free from terror of war, to pursue the happiness and well-being which should be the destiny of mankind.

GEORGE R. I.
